Freeciv - Bug #892147

Unfriendly do_log_deprecation() [.../src/utility/deprecations.c::65]: This action enabler is never used by any unit.

2020-10-21 12:06 PM - Marko Lindqvist

Status: Closed
Priority: Normal
Assignee: Sveinung Kvilhaugsvik
Category: General
Sprint/Milestone: 3.0.0-beta2

Description
I get a deprecation warning about my ruleset:
do_log_deprecation() [.../src/utility/deprecations.c::65]: This action enabler is never used by any unit.

The problem is, I have no clue which action enabler "This" is. Would it be possible to include section name in the message?

History

#1 - 2021-03-02 06:20 AM - Marko Lindqvist
I get these a lot in my testing setup (where autogames with rulesets from various sources are running)

Section name would be ideal. We should at least include the action name. This wasn't done from the beginning because the messages originally were written for ruledit. Deprecation warnings started using the system later.
