History
#1 - 2020-11-13 11:57 PM - Marko Lindqvist
- Blocks Task #896713: S3_0-alpha5 added

#2 - 2020-12-12 01:32 AM - Marko Lindqvist
- File 0020-Update-msys2-environment-to-201212-level.patch added
- Status changed from New to In Progress

Initial version of S3_0 patch attached as I start to work on this.

#3 - 2020-12-12 08:38 AM - Marko Lindqvist
If Bug #905573 is an issue with msys2 environment (and not e.g. configure parameters in msys2 Makefile), it should be fixed in this environment version.

#4 - 2020-12-12 08:38 AM - Marko Lindqvist
- Related to Bug #905573: msys2: MagickWand support not enabled added

#5 - 2020-12-14 01:09 AM - Marko Lindqvist
- Status changed from In Progress to Resolved

At least with S3_0 there was no need to touch dll lists, but the initial version of the patch is now considered a commit candidate. It applies also to master, though I'm not yet finished testing with master.
New environment version uploaded to http://files.freeciv.org/packages/windows/msys2/
